

# ADOPT-A-STUDENT PROFILE

FBC members want to get to know you. The Adopt-a-Student program is an awesome way to get plugged into the church community and have a family to turn to when you need to know something about Waco.

A student adoptee is encouraged to spend time with his/her adopted church family at least 2 times per semester. Many adopted students do this by sharing a meal after church, visiting their family's home, or getting together over coffee.
